

## **LAB ALERT**

**Date: May 20, 2019**

**Test Update: Temporary Delay in TAT for HIV Antigen/Antibody Panel (HIVPN)**

Dear Regional Pathology Services Clients,

Due to a manufacturing issue, orders for the HIV Antigen/Antibody Panel (HIVPN) will be sent to our reference laboratory. We anticipate that normal testing will resume in the next two weeks and apologize in advance for any result delays.

Specimen requirements remain the same; one 6ml SST (Gold).

**Interfaced clients should order Special Procedure, Blood (SPPRB) using ARUP test code 2013333.**

**If you have any questions about these changes please contact client services at 402-559-6420 and ask to speak with one of the client coordinators.**
