## In-Network Insurance Coverage for Laboratory Services with UHC

Dear Regional Pathology Services Clients,

We have been receiving several inquiries regarding in-network insurance coverage with Aetna and UHC for Regional Pathology Services. *We would like to assure clients that we are in-network with the majority of Aetna and UHC plans.*

We understand that some national labs have been sending communications to clients implying that clients need to send their testing to them and that they are exclusively in-network. Rest assured, you can continue sending your Aetna and UHC patient samples to us for laboratory testing as we are in-network with these providers.

Below is a link on our website of participating insurance plans. Please check this list periodically as changes are made to it constantly and new insurances are added.

[Participating Insurance Plans](http://www.reglab.org/billingcompliance/participating-insurance-plans/) (<http://www.reglab.org/billingcompliance/participating-insurance-plans/>)

Thank you for your trust and loyalty as we work together locally to provide affordable and expert diagnostics.

If you have specific questions about a certain plan please contact our billing department at 402-559-9480.

If you would like to discuss this further with your client representative please contact client services at 402-559-6420 and ask to speak with one of the client coordinators.
